

Welcome to Animals in Mind® Animal-Assisted Education Fees Structure 2022

Overview

The fees set out within are for Animal assisted education workshops and activities. We provide services for education providers and services, community groups, charities, offender and youth correction services and child protection services. We support all types of education from pre-school to higher education and specialise in supporting learning for special educational needs and disabilities (SEND). This fees policy covers group sizes per (hour session) of approximately 25 (more can be negotiated, but this is species dependant as more than four hours on site, may have adjustments to species for welfare purposes)¹. We recommend much smaller group sizes for groups of children with complex needs, particularly difficulties with emotional regulation, and or high likelihood of loud / extreme behaviours or melt-downs, as we are better able to support such individuals in smaller settings, whilst assuring animal welfare.

As the fees show below, the longer we are in a setting, the more cost effective this can be, as we do not have travel time and fuel, or the set-up costs, so we encourage schools to see if other year groups / classes might want sessions so that the best value can be obtained.

Fees

Session prices per session (all single staffed)	Price
Single session with one group – 1-hour total duration	£160.00
Two sessions / two groups – 2 hours total duration	£240.00
Three sessions / three groups – 3 hours total duration	£300.00
Four sessions / four groups – 4 hours total duration	£350.00
Additional staff members (per hour) NB additional staff will only be charged if group sizes are large or have complex needs and will be agreed in advance. Most providers offer a member of staff to help with the handling to save costs, and we will show staff how to do this safely, if this strategy is adopted.	£12-£15
Potential additional fees	
Travel fees – services over 15 miles from our base (NN69LB) may be subject to fuel charge rates at the current inland revenue rate at .45p per mile. Journeys over 40 minutes may also be subject to additional travel time, of £20 per hour, but please do ask for a quotation.	.45p per mile

Block Bookings

Where clients wish to book a series (6-10 weeks) for small group sessions for therapeutic purposes, please ask for the fees policy for Animal Assisted Intervention / Therapy, as these fees are reduced further.

Thank you for checking out this policy, please do not hesitate in asking for a personalised quote for your setting.

¹ NB larger group sizes may mean that each participant inevitably has less time per animal, or we can gain support from teaching staff to keep cost down, or quote for additional staff.
